为了庆祝机构开幕这一具有里程碑意义的时刻，设计互联特举办一场为期一天的国际论坛，开启一场关于设计和文化的国际对话，并在与众多国际著名当代创意实践者的交流和探讨中，传递并印证这一新型文化机构的创立初衷。

A one-day conference to celebrate the milestone of a new design institution for China and the world. This is an opportunity for Design Society to convene a global discourse on design, and to communicate, amplify and, most of all, test its ambitions by comparing exemplary contemporary practices.

# 设计互联：中英设计对话

## China Meets the UK in Design

09:30 – 11:15

由招商蛇口创办的设计互联是中国招商局集团与英国国立维多利亚与艾伯特博物馆多年合作的结晶，它见证的是中英创意产业之间的深度交流与无数共同创造。论坛的首个环节将重点呈现这一合作的阶段性成果，并在中英设计的对话中探讨其更为深远的文化意义。

Design Society is the fruit of a collaboration between the state-owned enterprise China Merchants Shekou (CMSK) and London's Victoria and Albert Museum (V&A), the world's first design museum. The process of making Design Society has involved intense dialogue and numerous acts of co-creation between these institutions. This first session is dedicated to this achievement and will reflect on its wider cultural implications.

# 文化设计、区域营造和城市发展

## *Designing Culture, Place-Making, and Cultural Cities*

11:30 – 13:00

设计互联致力于成为一座综合创新的公共文化机构，并以多种形式印证其公共性：一幢将山、海、人三重视野纳于一处的地标性建筑；多个用以呈现世界级展览的展馆；及一系列旨在支持和培育深圳及全国创意产业的可持续发展项目。当我们将设计互联和其它同样致力于文化产业和城市发展的项目相对比，它们之间又有何异同？这一环节将呈现来自世界各地的创意实践项目，并探讨如何通过此类项目，构筑设计文化，为社区和城市创建一个更加美好的未来。

By its very name, Design Society is a project to serve the common good. It has chosen several 'formats' to make this happen: a landmark building to synergize a wide variety of design practices; a set of major galleries to present world class exhibitions; and an ongoing innovation agenda to support and cultivate creative industries in Shenzhen and China. How does this compare to other projects dedicated to cultural development and the role of design? This panel will explore innovative projects from around the world which seek to foster design culture and use design to create better communities, cities and places.

# 未来的价值观： 关于“设计的价值”的思考

## *Future Values: Reflections on "Values of Design"*

16:15 – 18:00

设计本无所谓好坏，相反，它承载了来自设计师、用户，以及整个社会更广泛的价值观。展览“设计的价值”便以此为前提，通过展示来自英国国立维多利亚与艾伯特博物馆的永久馆藏，探索在人类历史长河中，不同的价值观是如何驱动设计发展的。参与这一环节的创意实践者同时也都是本次展览的参展设计师，他们将通过自己的分享，共同探讨在未来，设计的价值应该是什么？

Design is neither inherently good nor bad. Rather it is a reflection of the broader values of the designer, the user, and society at large. This is the premise of 'Values of Design' which explores how values have historically driven the design process, as represented by object from the V&A's permanent collection. This panel will ask what the future values of design should be, with presentations by a panel of creative practitioners whose work is on display in the V&A gallery.
